## FARM REPORT

Waverly parent Deveney K. made a beautiful salad with the lettuces grown by the middle school's farming class and the Savvy Sailors. The family also used the lettuce to add some color to their burgers. If you haven't had a chance to visit the farm yet, now is a great time to visit!

## HIGH SCHOOL

### TRIP TO DEATH VALLEY

Last weekend, some of the high school students and four brave faculty traveled to Death Valley, CA for a four-day trip. Here are one student's reflections:

*The weekend following February 11<sup>th</sup> was a very positive, exciting weekend for some of Waverly's high school students. Some of the students' highlights included visiting sand dunes, Badwater, hiking through Golden Canyon, Mosaic Canyon, and all of the other canyons and trails we explored. The sunsets that we saw made all the hikes well worked for. We explored Scotty's Castle and learned all the history of Death Valley. We went swimming twice at a nearby pool to relax and rewind from the hot desert sun. The car rides to and from Death Valley were very fun, and a great opportunity for students from other grades to bond and get to know each other. It was very hot during the day, but it did get windy, so most of the students lived in all our favorite piece of clothing: jeans. The evenings and nights got very cold, however, and many of the girls found themselves sneaking into their duffle bags and putting on scarves. We were joined in Death Valley by a troop of Boy Scouts and a group of friendly bikers. To (cont. p. 3)*

end the trip with a bang, we were pleasantly surprised on the last night by a nearby firework show. Maria made all of our meals, and the food was awesome! Thank you to Heidi, Guy, Maria, and Sharon for being great chaperones and temporary parents for the trip. Everyone had a great time, and it made memories that will last forever.

## ELEMENTARY SCHOOL

### MAGIC MOMENTS

Last week, Magic Light (Richard's, Liz's, and Kerry's kindergarten class) went on a field trip to the Gene Autry Museum of Western Heritage. Most of the students did not know what they would be looking at until they saw the Family Discovery Gallery...it was all about Chinatown! The gallery had three different, totally hands-on areas: the restaurant, museum, and house. The restaurant had play-food and the house had cupboards full of linens and things from the culture. Kids learned sharing and how to handle items with care as they played.

Magic Light also visited the cowboy exhibits and Jake showed everyone how to use the life-size play horses and students had the opportunity to dress up in cowboy clothing! It was a fun-filled day of laughter and learning.

### GUNG HAY FAT CHOY!

In celebration of the Chinese New Year, Musical Kingdom (Marina's, Cheenu's, and Kerry's young kindergarten class) went to Chinatown this week on the Metro link. The children of Musical Kingdom are either roosters or monkeys. They each received a good luck charm in the form of the animal which represents their year of birth. For the 100<sup>th</sup> day of school, Musical Kingdom jumped 100 jumps on the trampoline, and made a 100-legged, 100-striped, 100-horned, 100-eyed, 100 inch-long beast!
