

April 17, 2020

Dear Waverly families,

Please take a moment to watch [this video, outlining our plan for the remainder of the school year](#). While it may come as no surprise that our campuses will continue with remote learning for the rest of the year, we are all feeling sad and a little frustrated; please know, however, that we are already excitedly planning for our return in the fall.

Over this weekend, [please fill out this survey](#), which is mentioned in our video message. We'd love to hear from you.

Thank you, all of you—students, parents, teachers, staff, friends. In last year's CAIS survey, a parent commended Waverly for our "authenticity and scrappiness." Our collective response in the last four weeks has been a perfect example of these traits.

With hope and pride,

Heidi Johnson
Head of School
